Moorhead, Minn.  
Overflow seating will be available.

Dr. Kurt M. Campbell, Assistant Secretary of State for East Asian and Pacific Affairs, appearing via webcast, will answer questions on the topic of "Issues in U.S.-China Relations."

Dr. Jennifer Turner, Director of the China Environment Forum of The Wilson Center in Washington, D.C., will comment on Dr. Campbell's remarks and lead the audience in a discussion of U.S.-China cooperation on energy and environmental sustainability.

Few relationships in the world today are as important as that between the United States and China, and concerns about energy and the global environment are increasingly at the center of this relationship.

Come and be part of stimulating public discussion of issues that affect both our local and global futures.
